

List of Approved Disinfectants for **Symphony Classic** and **Twist** with Resilience^{SR} finish and **Salinger** with Writer's Block™ ink resistant finish.

Many of the following disinfectants listed are on the CDC's approved list that continues to grow and have shown to do minimal to no damage when used appropriately.

<https://www.epa.gov/pesticide-registration/list-n-disinfectants-use-against-sars-cov-2>

Important Notes:

- Cleaners/Disinfectants should only be used in the dilutions recommended by the manufacturer and never in concentrated form.
- After each application, disinfectants should be thoroughly wiped off with clean water and dried with a clean towel. Any chemical residue left on a surface can cause discoloration and degradation to the surface of the fabric.
